OE Federal Switch-Kit

Making the switch easy!

Congratulations on choosing OE Federal Credit Union! Our goal is to make your transition as smooth as possible. Our Online Switch-Kit contains all the resources you need to close your accounts elsewhere, establish direct deposit with us, as well as any automatic transactions. You can make the switch in **3 easy steps**:

1 Open an OE Federal Savings Account. Want to get all the great benefits OE Federal provides? If you or a family member belong to an eligible union group, simply fill out a **Membership Application** and return to us with a copy of a valid picture ID for each member on the account and a check for at least \$5/Member on the account. Once your Membership has been established, you are eligible to apply for additional services such as deposit accounts, loans, etc.

2 Close Your Other Account(s). Print and complete the **Close Account Form**. Make sure to leave your old accounts active long enough to allow outstanding checks and automatic withdrawals to clear, and leave enough money in place to cover these transactions (this may take several weeks). Once you've confirmed that your old accounts are inactive, you can ask your previous financial institution to send you the balance from that account. (Please remember to destroy your old checks, ATM/Debit cards and deposit slips!).

3 Transition Your Automatic Transactions. Use the **Direct Deposit Authorization form** to set up deposit of paychecks, retirement and pension checks, or Social Security checks directly to your OE Federal Account. Use the **Change Automatic Withdrawal form** to notify anyone who makes automatic withdrawals from your account, such as mortgage companies, insurance providers, utility, phone or cable companies. Use our helpful Switch List to quickly identify all vendors who currently have access to your account(s).

Once you've completed all the necessary switch-kit forms, mail them to us at this address:

An overdraft occurs when you don't have enough money in your account to cover a transaction, but we pay it anyway.

You have two options:

**Keep your current options:
Bill payments and checks**

This option comes with your account. We generally let your online bill payments and checks go through and decline your debit card transactions and ATM withdrawals.

Or switch to: All transactions

If you switch to this option, we may also authorize ATM withdrawals and debit card transactions that overdraw your account. If we do, we'll charge an overdraft fee.
